Which is your favorite song in "Kagerou Project"?

1> It's Last Time Memory. The melody is cool, and Shintaro's earnest feelings are so touching, so I think it's a great song...!

02

When you think of summer vacation, what memories come to mind?

1> I didn't like doing homework, so every year, I'd do everything I could to avoid doing my huge pile of summer homework. But I always ended up doing it all on the last day while in town...!

03

If you could spend your vacation with one character from Kagerou Project, who would it be and where would you go?

1> I want to go to a summer festival with Ikoma. I think she'd look good in yukata, and I think we'd really be able to enjoy the festival together. I'd like to have a goldfish scooping battle...

04

Your goals for this summer:

1> To eat less to beat the summer heat. Every year, I wake up getting so hot in the summer that I eat cold noodles three times a day every day, so this year, I'd like to hold back on them a little.
